## About

I've always been passionate about problem-solving and creativity. I'm building my skills in Figma to better understand user-centered design principles. I enjoy tackling problems and figuring out how design can offer practical solutions. It's exciting to turn research and insights into tangible user-friendly products. Skilled in User Research, wireframing, prototyping and web design.

## Skills

- User Interface Design (UI)
- User Experience Design (UX)
- User Research and Testing
- Wireframing
- Rapid Prototyping

## Tools

- Figma Software
